

Pioneers in commercial steel industry since 1978

Introduction

BAZ BAZ International Industry Company, a leading Manufacturer in the commercial steel industry, specialized in Cold Rolling Process within the Kingdom of Saudi Arabia and the Arabian Gulf. In 1978, Sheikh Ahmed Mohammed Baghlaf established the company's first factory in Dammam city, located in the eastern region of Saudi Arabia. Subsequently, a second factory was set up in Jeddah city, situated in the western region, to cater to the growing demand for commercial steel products in the area.

We take immense pride in manufacturing products with a primary objective to meet the diverse needs of our customers and to support the ongoing demand and Growth in Kingdom of Saudi Arabia. Our products range includes welded commercial pipes, flat sheets, corrugated sheets, components for gypsum boards, guard rails and road Safety Parts (AASHTO), Steel Profiles for Solar Trackers, and coils strips. We also offer special steel products (aluminum and stainless steel).

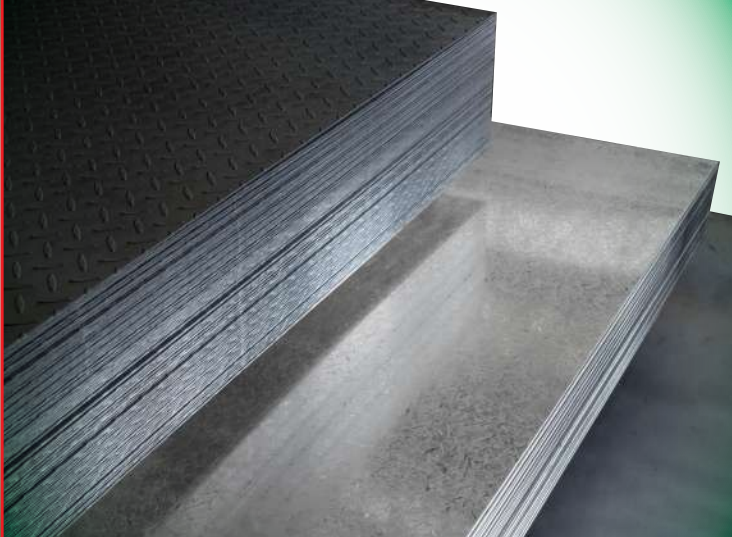

Welded Pipes and Tubes

Round | Square | Rectangular | Staircase Railing | Oval Pipe (HR, CR, GLv.)

For applications:

- ◆ Building & construction
- ◆ Steel posts
- ◆ Solar Projects
- ◆ Steel fabrication
- ◆ Fence frames
- ◆ Automobile structures
- ◆ Metal furniture
- ◆ Portable cabin & houses
- ◆ Shelves, roofs &shelters
- ◆ Scaffoldings
- ◆ Profiles & handrails
- ◆ Windows frames
- ◆ Mesh fences frames

Steel Flat Sheets

Hot Rolled | Galvanized | Checkered | Cold Rolled | Pre-printed

For applications:

- ◆ Building & construction
- ◆ Gates, doors & tanks
- ◆ Steel fabrication
- ◆ Metal furniture
- ◆ Automobile structures
- ◆ HVAC works
- ◆ Firefighting techniques
- ◆ Advertising posts

Corrugated Sheet

For applications:

- ◆ Warehouses & steel structures
- ◆ Extra roofs layers
- ◆ Ready-made houses
- ◆ Covering for construction works

Our core values

- ◆ Baz implement robust governance systems, policies, and procedures to ensure high-quality performance and achieve our objectives.
- ◆ Baz prioritize safety and health, maintaining a secure work environment and adhering to OSHA air quality standards to protect our employees and equipment.
- ◆ Baz champion sustainable practices in equipment, material, and product usage to meet present needs without compromising future generations.

Certificates

- ◆ Environmental Management System: ISO 14001:2015
- ◆ Occupational Health and Safety Management System: ISO 45001:2018
- ◆ Quality control management system: QCMS:1/2020
- ◆ Occupational Health & Safety Management System: ASO:OHSMS:1/2020
- ◆ Customer Satisfaction Assurance Management System: ASO:CSAMS:1/2021
- ◆ Institutional Excellence Award ASO

A registered supplier with

Aramco | Royal Commission | ROSHN Group | Tatweer Company
El Seif Engineering Contracting | Kidana

Steel Profiles for Solar Trackers

Torque tubes | Transmission tubes | Hat/Omega purlins | H-Beam

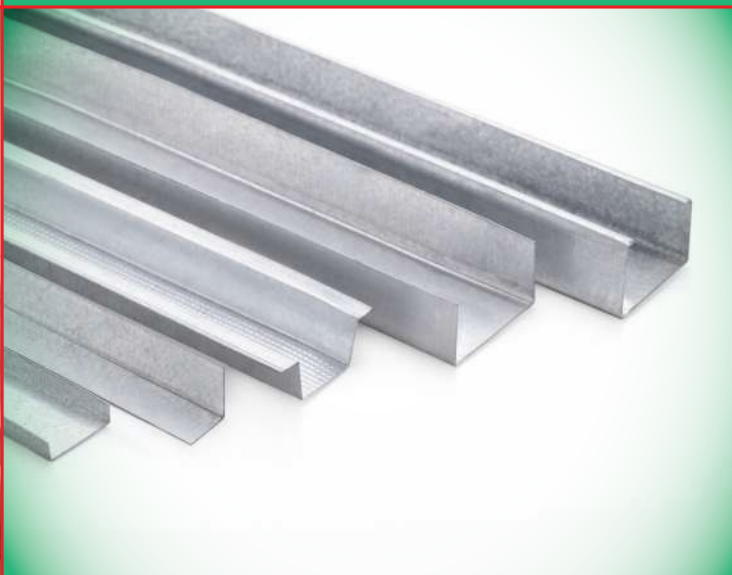

- ◆ Constructed from ZAM Steel: A premium alloy of Zinc, Aluminum, and Magnesium.
- ◆ High resistance to rust and corrosion
- ◆ Strength and durability
- ◆ Sustainable and compatible with the mega construction projects of Saudi Vision 2030
- ◆ Environmentally friendly

Guard Rails

Guard rail beam (W) | Back up plate (W) | Post beam (U) | Spacer (U) | End sections (different) | Bolts and nuts | Road Traffic Safety equipment's

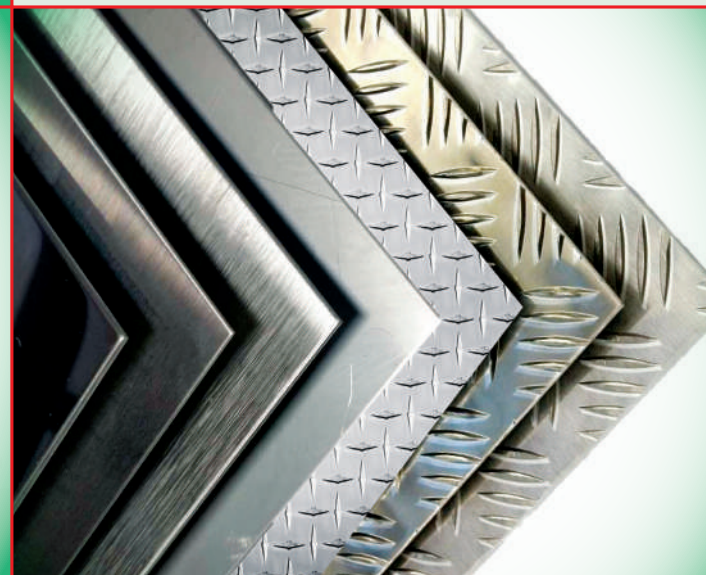

- ◆ Galvanized steel, structural quality, ASTM A446, grade B and F
- ◆ According to specifications: Ministry of transport's and AASHTO M 180
- ◆ For roads fence and safety of pedestrian

Metal Profiles

Stud | Runner | Furring Channel | U - Channel | Angle

- ◆ Made of high-quality galvanized Steel
- ◆ Standard or Special Sizes
- ◆ Drywall Metal Components

Special Steel and Metal Products

Aluminum Coils and Sheets Alloys 3003 / 1050 / 1100 / 3105 | Stainless Steel Coils and Sheets 2B NO4 HL BA 304 / 316L / 430

For applications:

- ◆ Advertising and Guidance Signs
- ◆ Air Duct Insulation
- ◆ Cabinets, Shelves, and Lockers
- ◆ Kitchens and Household Items
- ◆ Construction and Building
- ◆ In the Food, Medical, and Pharmaceutical Industries
